

Crispy Critters

Illustrating a truth of [Kingdoms in Conflict](#) (Main Healing Lesson 4)

Did you know that you have a **personal enemy**, even legions of enemies? Did you know that they know your weaknesses and will stop at nothing to bring you down? Sure these creatures will burn one day, but in the meantime we have been given free will in a real world that is besieged by an invisible enemy (Ephesians 6:12). None of us volunteered to be involved in this war—we were born into it! We can learn to fight in the great battle of our age, or be rendered ineffective, taken captive, or destroyed. Joshua embraced the call as it came to him in his day to "fight the good fight of faith." He actually declared that the giants they were facing would be "bread for us"—that **by learning to overcome the enemy we grow stronger!**
